Podium positions are key driver of improvement in market share, price positioning and profitability

Operating Highlights – Consolidated

- ❖ Topline performance driven by demand recovery across key geographies
- ❖ The topline growth in India was driven by growth across channels and products. In Europe, while industry recovered strongly in Q4, we continued to gain market share in focus segments (UHP PCLT and TBR)
- ❖ Margin performance helped by a) recovery in topline, b) control over costs and c) successful execution of Enschede plant specialization

❖ Volume

- ❖ Best ever quarter in terms of sales, surpassing last high achieved in Q3FY21
- ❖ Performance driven by strong volume growth across channels – OEM, Replacement and Exports during the quarter. Almost all product segments posted double digit volume growth (YoY)
- ❖ After a price increase in last quarter, took a further price increase of ~1% in select product categories towards the end of 4th quarter
- ❖ Healthy EBITDA margins maintained inspite of a big increase in raw material costs

Operating Highlights – Europe

- ❖ Decent recovery in industry volumes in Q4 FY21 YoY
- ❖ Gained market share in premium PCLT segment (UHP) and TBR segment
- ❖ Improvement in sales mix - UHP / UUHP accounted for ~36% of PCLT sales in volume terms (FY21)
- ❖ Successful execution of Enschede plant specialization drove strong operating performance with EBITDA margin of 18%. Margin supported by topline growth and cost containment measures
